I am aware that the Skating Club of Maine Central Region may pay qualified one or more 16 and 17 year olds who coach as part of the Junior Coach Training Program, depending upon the region's financial circumstances. Selection as a paid Junior Coach will be based upon qualifications as described above, continued effort to develop and improve skating skills, volunteer experience, and Club & Region membership. I realize that if I am selected as a Junior Coach, I may not be paid, but like all Junior Coaches/Assistants I will receive supervision and feedback from the Skating Director or other mentoring coach.
